

Money Mindset Questions

1. How would you rate your money mindset 1-10? (1 = always negative, limited and unconfident. 10 = always positive, abundant and confident)

2. What would you need to do to increase your score by 1?

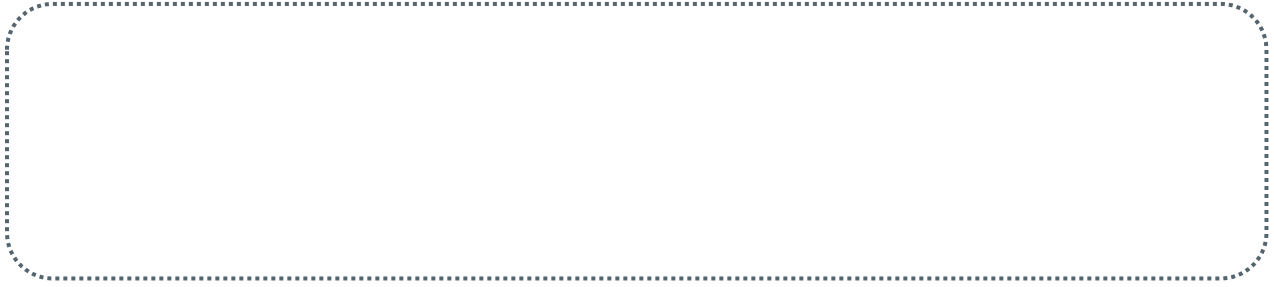

3. What is your current money script/beliefs? (ie is money evil, do you avoid talking about money, is money a tool, does it give you status, is it better to save money and not talk about it etc.)

4. What is the most money you have made in a year or month? What held you back from making more? Do you feel capable of making more?

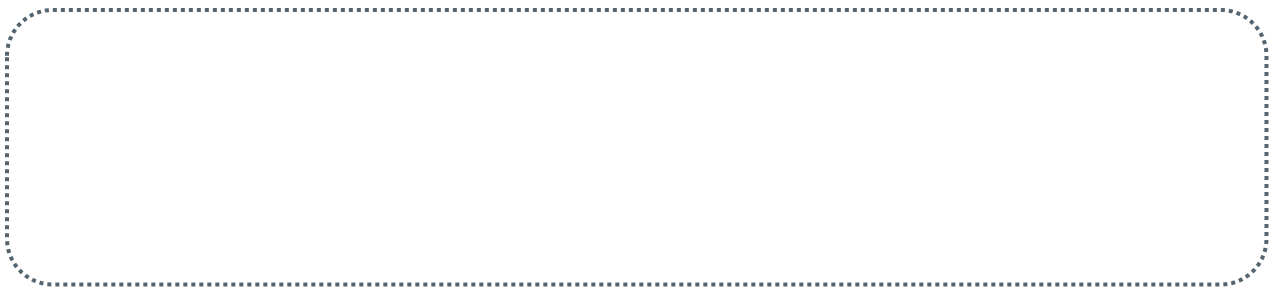

5. How would you define what having enough money means and what that looks like to you?

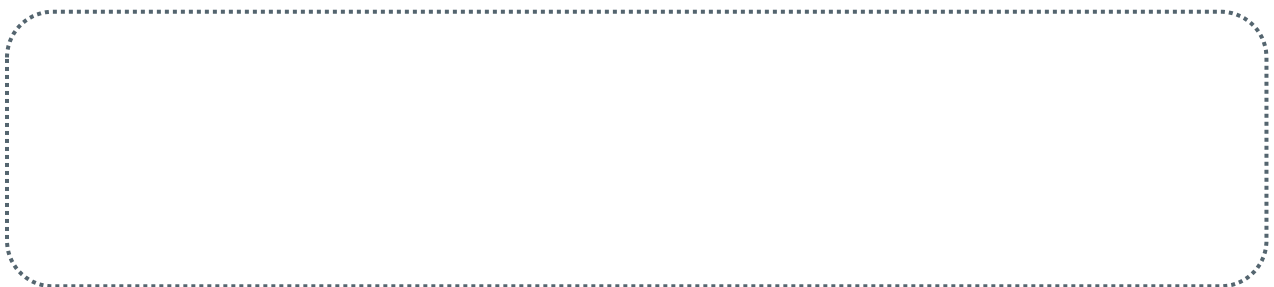

6. What is your annual income goal? How do you plan on achieving it? How did you determine this amount?

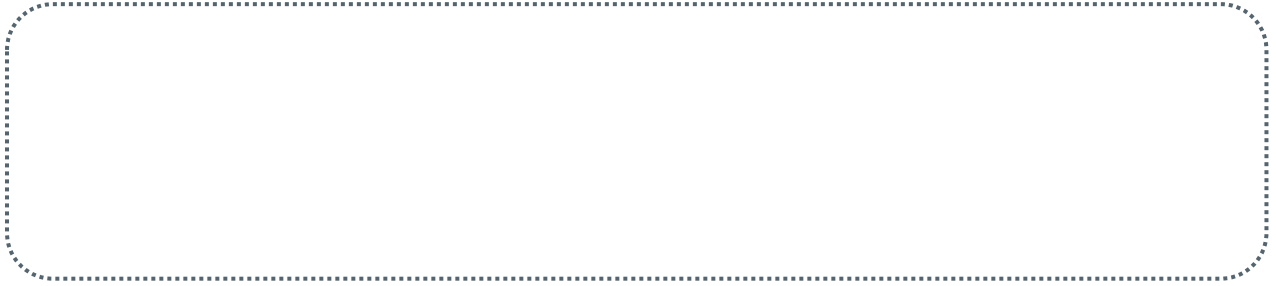

7. Who is your money role model and who do you typically seek out money advice from? What makes them a good resource for you?

8. What about money is important to you? If you won \$500 million dollars, what would you do with your time and money?

9. What motivates you to be financially responsible? Can you boil down your motives to a short mission and value statement? Mission statements can be 3-5 sentences and core values should be 7 or less.

10. What are your most noticeable money habits? Do they support your income goal?
